

## PROFILE

My name is Fabian, I am 21 years old and have been working in Identity & Access Management since the beginning of my career.

Thanks to my involvement in influential projects, I was able to quickly acquire important skills for working as a consultant, but I would like to emphasize that my focus has always been and will continue to be on technical implementation.

In addition to my enthusiasm for cyber security, I have acquired a broad knowledge of web development in recent years.

## EXPERIENCE

### IAM Solution Engineer

**KOGIT GmbH, 10/2023 - TODAY**

- Change of focus: Omada Identity -> SailPoint
- IdentityIQ & IdentityNow trainings
- Development of internal IIQ environment (+ connection to Microsoft Entra/Azure-AD & SAP HCM)

### Associate IAM Consultant

**IC Consult, 03/2023 - 10/2023**

- Allianz Global Investors: Development of the CyberArk SCIM Connector as an API for Onedentity
- Mercedes-Benz Bank: Omada Migration (Development)
- BMW: Onedentity Migration (conception)
- Omada Identity trainings

### Junior IAM Engineer

**KION Group IT, 06/2022 - 03/2023**

- Implementation of Omada Identity
- Introduction of Workday as a single point of truth
- SCS project: Integration of Dematic into the IAM infrastructure of the KION Group
- BT project: Migration of SAP infrastructure from on-premise to S4/Hana
- Move-To-Azure project: Azure Write-Back for synchronization from AD to AAD

### IT Specialist for System integration

**KION Group IT, 09/2019 - 06/2022**

- Apprenticeship (IHK Aschaffenburg, Germany)
- Passing through all relevant IT departments
- Greatest interest in the Identity & Access Management, Cyber Defense Center and Web Applications teams
- Last 6 months exclusively in the IAM team
- Final project: Integration test for the KION Notification Service (full-stack web app)

## PROFIL

Mein Name ist Fabian, ich bin 21 Jahre alt und seit Beginn meiner Karriere im Identity & Access Management tätig.

Dank meinem Engagement in einflussreichen Projekten konnte ich mir schnell wichtige Skills für die Arbeit als Consultant aneignen, möchte aber betonen, dass mein Fokus stets auf der technischen Implementierung lag und auch künftig liegen soll.

Neben meiner Begeisterung zur Cyber Security, habe ich mir in den letzten Jahren ein breites Wissen im Web-Development Bereich angeeignet.
